

Dear Friend-

I am learning about how the mail works in preschool. I made this paper version of myself so that I can be mailed around the world to have all kinds of silly, exciting adventures! Please take a picture of the paper me doing something fun where you live. You can send the digital picture to my parents at _____ . I can't wait to see what I would be doing if I got mailed to your house!

After you send a picture of me at your house, please mail this letter and the paper me to someone you know who can do the same thing! I'm excited to see all of the places I can travel through the mail!

Thanks so much for helping me with this project!

Dear Friend-

I am learning about how the mail works in preschool. I made this paper version of myself so that I can be mailed around the world to have all kinds of silly, exciting adventures! Please take a picture of the paper me doing something fun where you live. You can send the digital picture to my parents at _____ . I can't wait to see what I would be doing if I got mailed to your house!

After you send a picture of me at your house, please mail this letter and the paper me back to me so that I can send it on another adventure. I'm excited to see all of the places I can travel through the mail!

Thanks so much for helping me with this project!
